About Advanced Reading + Debate

In this challenging course, students read and debate a range of contemporary issues. The course prepares students for actual competition, so students learn how best to:

- Work in teams to answer questions on the reading materials.
- Debate the issues effectively.

Debates are video-recorded so students can check their own performance. Strong participants will be given the opportunity to join the **World Scholar's Cup** competition in Kaohsiung on April 14th as part of *The Princeton Review, Taiwan* team. This is a great course for students who enjoy critical reading and want a chance to voice their opinions.

The program is open to students who are currently on, or have taken at least a **level 6 or level A** program, or who test into level 6 or above on our online placement test.
